Erasmus+ project "Equal parenting"

- Equipping young people with equal parenting skills
- Promoteing the training of young people in gender equality

We intend to train and educate young people to demystify gender stereotypes, often rooted in our cultures and beliefs.

The vision of the Project - Educating about parental equality to produce happier families, breaking stereotypes about the roles of mother and father.

Objetives of the Project - Provide education and training on parental equality, focusing on addressing social gender roles and demystifying these roles.

Priorities of the Project - Common values, involvement and civic participation - Increase the quality, innovation and recognition of youth work - Development of future-oriented learning centres.

Target Groups - Young People +18 and Youth Workers /Trainers
